

# GOLF for GOOD

A Topgolf event hosted by Red Shoe Society

April 9, 2026

Dear Friend of Ronald McDonald House,

On **Saturday, June 27**, the Red Shoe Society (affiliated with Ronald McDonald House Charities of Southern Arizona) will be hosting our annual **Golf for Good** event, raising money and awareness for families with ill or injured children. **Golf for Good** is a two-hour Topgolf event with a light brunch and fun for the whole family.

**I'm writing to ask if we can count on your support for this energetic event.** We're seeking event sponsors and/or raffle basket donations. **Would you consider contributing to this cause?**

Each day, families at the Ronald McDonald House in Tucson are navigating some of the hardest moments of their lives while a child receives medical care far from home. Because of supporters like you, they can stay together, cook meals, rest, and focus entirely on their child's healing. **Your support of Golf for Good helps make that possible.**

**To contribute, complete the enclosed form and return it with your donation to the Ronald McDonald House at 2155 E Allen Road, Tucson, AZ 85719.** If you have any questions or would like to donate online, please contact the Red Shoe Society President, Megan Davis, at [hello@azredshoe.org](mailto:hello@azredshoe.org).

Thank you for your consideration and support of Ronald McDonald House Charities of Southern Arizona! With your help, we can give families what they need so they can focus on what matters most—their child's health.

With gratitude,

Member  
Red Shoe Society

### Meet the Jacksons: Together When It Mattered Most

When Eliza Jackson was born prematurely, she was rushed to the NICU at Banner—University Medical Center for specialized care, nearly 80 miles from her home in Sierra Vista. Overnight, her parents Amy and Stephen went from everyday life to navigating care for their newborn while staying present for their four young children.

**At the Ronald McDonald House, the entire family could stay together just minutes from the hospital.** Instead of long drives and constant uncertainty, they had a stable place to land. One parent could be at Eliza's bedside while the other

maintained routines for their children, keeping the family together through their hardest moments.

For the Jackson siblings, the House offered space to play, shared meals, and moments of normalcy. For Amy and Stephen, it meant fewer logistical burdens and more time focused on Eliza's care.

After nearly a year, Eliza was finally strong and healthy enough to head home with her family. **And thanks to supporters like you, the Jacksons never had to choose between being close to their child in the hospital and caring for their children at home. Staying at the Ronald McDonald House made it possible to do both.**
